and a number of the expert workmen employed at the Logan Furniture Co., will go to Point Pleasant, W. Va., and engage there in business. We regret the depar ture of this manufacturing enterprise, and especially the very worthy citizens who depart from among us. Their loss to our bus iness and social circles will be corrowfully felt; but while regretting their departure, we tender to them all the best wishes of their many friends, and the hope that they find their new home as pleasant, and friends as many and as sincere as they leave behind them.

Mr. Houston is a man whom our community will especially regret to lose. He is a Logan boy, self-made and self-sustaining .-He began life under many embarrassments, and with no assistance other than is given to honest effort honorably applied.

He worked himself on and up and is to-day one of the recognized prominent young men of our town. He is careful an exact in business, honest and honorable in his dealings. He is enterprising and intelligent-foremost in every work looking to the public good and the advancement of the interests of those associated with him.

His departure from Logan will be a loss to our business and so cial circles, in which he is one of the most esteemed members.

We hope he and his associates will find in their new home as many friends to welcome them as they leave in Logan regretting their departure.

Know-Nothingism!

Is a work much needed for the perusal of young voters who were not active barticipan's in the dark lantern campaign of 1854, just 20 years ago.

Many young voters have but vague conceptions of the base and disgraceful efforts to establish a religious test for office, which is not only contrary to the Constitution of the Fathers, but destructive of that freedom and liberty secured by their efforts, and dangerous to the peace and safety of society.

and dangerous to the peace and safety of society.

To this effort of the Know-Nothing party to destroy religious liberty, was added the no less proscriptive and hatefu demand of refusing equal rights and privileges to forcign born tax-payers who see fit to seek the protection of our flag and the burdens of its de'ense.

This highly useful and interesting pamphlet will be issued sometime in May, and its preparation could fall in no abler hands those of its prudent a discreet author, Dr. MARTIN KAGAY, of Somerset, Ohio, who lived at the time and resisted those political heresies with patriotic fidelity.
